10.00-11.00	Jazz & Hip Hop 5-8 year olds ( This class is for school aged children who would like to begin dancing and experience the magic of the Fairies.)

Fairy Dancing: A Pre Ballet class full of dancing and imagination designed for preschool children. Bright bubbly and beautiful.....these classes have been created specifically for this age group. Your preschooler will embark on a journey of discovery and creativity as they learn to tip toe, jump, point, hop, skip and twirl.

Tappy Toes: The chance to make some noise with their feet while learning coordination. Inspire their imagination, inspire their imaginations, assist in the development of gross motor skills and balance. We teach basic tap technique and simple routines to their favourite tunes. A wonderful class for all the little tappers in your world.

Stomp & Roar: Stomp and Roar is designed for boys who are full of energy. Do you ever think, Where does my boy get all his energy? Then Stomp and Roar is the perfect introduction to dance. Boys get to use their imagination and creativity through the art of dance. They learn to control their bodies in a stress free creative space. In Stomp and Roar our boys develop strength and technical ability in a class that is just for boys, no fairy wands or tutus in sight!!

Mums & Bubs: These classes are for both boys and girls aged 1-2 years and provide your little ones with a fun, creative and magical introduction to the world of dance. Learn the basic ballet positions, sing along to your favourite songs and join us each week as we take your children on wonderful imaginative adventures that are sure to awaken the little dancer within. Be sure to pack your dancing feet as this class requires full participation from mum, dad, grandma, Pa or a special friend.
